

The Horrible Handicap of Poisoned Blood

The Innocent Suffer Even Unto the Third and Fourth Generations, But Relief Is Now in Sight.

It has long been accepted as a matter of course that the sins of the fathers must be suffered by innocent posterity, yet it is hard to become reconciled to this condition. The heritage of physical infirmity is a handicap under which thousands must face the battle of life.

Scrofula is probably the most noticeable of the transmitted blood disorders, though there are other more severe diseases of the blood that pass from one generation to another. No matter what inherited blood taint you may be laboring under, S. S. S. offers hope.

This remedy has been in general use for more than 50 years. It is purely vegetable, and contains not a particle of any chemical, and acts promptly on the blood by routing all traces of the taint, and restoring it to absolute purity.

Some of the most distressing cases of transmitted blood poison have yielded to the treatment of S. S. S., and no case should be considered incurable until this great remedy has been given a thorough trial. S. S. S. acts as an antidote to every impurity in the blood. You can obtain it at any drug store. Our chief medical adviser will take pleasure in giving you, without cost, any advice that your individual case requires. Write today to Swift Specific Co., 433 Swift Laboratory, Atlanta, Ga. adv.

CALUMET BAKING POWDER SAVES THREE WAYS

—A moderate priced Baking Powder of greatest merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

—You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is sure—never fails. That's economy. And true economy—in cost—in use—in time.

One trial will prove it and show you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

The unflinching strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two teaspoonfuls or more of most other brands.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

SENATOR FULLER SAYS SENATE WILL PASS IT—SOME CHANGES NEEDED.

Frank D. Fuller is not only secretary and manager of the Tri-State Fair association, but also a stock raiser, farmer and senator. Hence his hobby in legislation is such as will benefit the live stock and better farming interests of the state. And in line with that he is backing a dog law in the hope that it will make more game in the state, for every man who farms should have all the quail that he can on his place, and if he raises grain he should have foxes to keep down the field mice.

The bill upon which the general assembly is working places a tax of \$1 for the first dog and \$2 for each dog after that around by the same person, and double those amounts for females of the species. For kennels there is a tax of \$10 to \$25, according to the number of dogs. The bill is a most elaborate one and has features that every lover of a dog wants to see enacted. It means the end of the big lots of cur dogs that infest the country and mean further that the owner of a dog should have to keep track of him, be registered as the dog owner and responsible for all acts of the dog. The bill also provides for the seizure of dogs running at large in this section and especially in the eastern portions of Memphis make such legislation necessary to the safety of the people at large.

However, the bill as now drawn contains some provisions which may endanger its passage. It would make the county responsible for some damage done by a dog and have the county fall back upon the owner. Unless this is changed, those who oppose any dog tax are certain to seize upon it as a reason to oppose the entire bill. Again it contains a few clauses as to shooting dogs for slight provocation that sportsmen want changed. The bill evidently is coming out of a place where conditions are different from those in Tennessee. Dureau paid some \$100 for the best hunting hounds for \$2,000 and Avert refused \$3,000 for Mohawks. All were sporting dogs, started in field trials and used for hunting quail. There are thousands of bird dogs in the state worth from \$10 to \$250 and innumerable hounds worth from \$15 to \$100. Any of these dogs out of sight on a long cast and a long returning alone would be in danger under the clause of the pending bill referring to shooting home dogs.

It is probable that the sportsmen of the state will get together to secure these minor changes in the bill and lend their influence to its passage. Senator Fuller says that it will go through the senate, but there will be a fight in the house.

RACE RELATIONS IS BIG PROBLEM

Unfavorable Conditions to Part of Community Eventually Affect All.

BY T. O. FULLER.
Some very important community problems demand our attention. Among them are poverty, ignorance, disease, crime, labor and race relations. Many experts and specialists are giving time and study, making careful surveys and investigations so as to know real conditions, their causes and their remedies to be applied. Public-spirited citizens are giving money and encouragement and hope for the betterment of the community. Every body should co-operate with the leaders, since unfavorable conditions will finally affect all of us. The evil is a greater or less degree, unless the evils are soon corrected.

Robert E. Bell, of Kansas City, well known as the "lightning sketch artist," who has drawn excellent pictures of Col. Roosevelt, Gen. Pershing and of historical scenes, is spending some time in the city making demonstrations in the presence of advanced students of public and private schools. He will appear at Howe Monday afternoon at 2 o'clock for the inspiration of the students.

Principal T. O. Fuller has just received an interesting letter from Cornelius E. Crawford, Company L, 88th Pioneer Infantry, A. E. F. Among other things, Crawford wrote: "The boys who return to the states will come back better citizens, with the community spirit." Crawford was a student at Howe.

The Federated Charities would like a suitable place south of the city for holding their meetings instead of the police station. Beale avenue would place them in touch with the activities of the negro people.

Race leaders are wise not to line up against any group because of their religion or profession. Such a lineup would sound the death knell of any movement looking to the masses for co-operation and support.

Gov. Roberts, in addressing the mayors at Nashville in their recent session, expressed anxiety lest the duties of the soldiers at the battle front had so hardened them that the shedding of blood would be lightly regarded, and a tendency to violence might be exhibited. He urged that work be provided for them so that the softening influences of civil life and pleasant surroundings might speedily restore the elements of a greater citizenship.

The central civic committee, composed of prominent negro citizens, appointed to work in co-operation with the committee of the Chamber of Commerce, held an interesting meeting Friday afternoon. A survey committee was appointed to look into conditions in Memphis and other Southern cities as a basis for extensive uplift work among negro people here.

The crowds of idle boys on Beale avenue are a new and one to be avoided. This training school for criminals should be broken up or serious trouble will result.

The B. Y. P. U. conquest meeting was held at Gospel Church Sunday afternoon. Rev. Wm. G. Walker is president.

Bishop N. C. Cleaves preached at St. Andrew's A. M. E. church Sunday morning. A large congregation heard the sermon.

The Y. W. C. A. and Y. M. C. A. at Howe held a joint meeting Sunday and heard an address from Cullen Parker.

The negro pastors of all denominations in Memphis will hold a mammoth meeting in the city hall to prepare a program for the uplift of their people.

HAYES' HEALING MONEY
Stops the Tickle, Heals the Throat and Cures the Cough. Price 35c. Free box. PEN-TO-TRATE SALVE for Chest Colds and Head Colds is enclosed with every bottle.

PADUCAH BOY HURT.
PADUCAH, Ky., Jan. 27. (Sp.)—Clarence Lloyd, of this city, is believed to be fatally injured in a mysterious accident which happened some time Sunday night. The motorist of a Guthrie avenue car saw the boy lying on the track as he was taking the car into the harbor at midnight. The car was stopped within a foot of the prostrate boy, who was found to have a serious wound in the right side of his head. He was taken to a hospital, but had not recovered consciousness this morning. It is believed that he might have been hurt trying to board some street car.

BAGGEMAN CHARGED WITH ROBBING EXPRESS

HELENA, Ark., Jan. 27. (Sp.)—During the past several months numerous packages were taken from the express car of the Y. & M. V. train. The baggeman, J. R. Allen, a resident of Helena, was a few days ago arrested by Chief of Police Sam Austin, charged with the systematic stealing from the express company. Allen's method of appropriating the packages, it is said, was to leave the packages in the car

NOTED ARTIST DEAD.

LONDON, Jan. 27.—J. Byam Shaw, the artist, died in London Sunday. He was born in Madras in 1852. He was noted as an illustrator, having illustrated Browning's poems "Tigris and Euphrates," Coronation Book and some of Edgar Allan Poe's works.

NEGRO SOLDIER TAKEN AWAY FOR FEAR OF MOB

EDDYVILLE, Ky., Jan. 27.—Thorn-ton Grooms, a negro soldier, just returned from France, charged with assault upon and the probable fatal injury of Reynolds Dillingham, a white man, was last night hurriedly removed to Paducah, Ky., for safe-keeping because county officials feared mob violence.
